Sound Notes
Sept 26, 2017

Hallway lights off blue light hallway or use the vestibule lights on the preset panel
Glow tape on lights by I-beam?

First Horse out 2 db lower?

Factory whistle too loud?

Could it come from Cat Left speaker to direct attention at Sarah?

Chicken cue to early? Wait till Lilly gets down stage?

Chickens should wait till Lilly empties her apron.

Is Mrs. Fields a different person then the narrator

Blest be the tide that binds – Fade in?

Weird beginning CUE L

Cue faded out to early – CUE M

Train should be on the tracks – CUE N

Cricket cues - we need to work this with it be called

Do y'all hear the sound cues when they go? – Com issue?

Adjust fades on crickets

Cue x Late? Can it come a few lines earlier. Slower fade

Cue Y should continue till "I want you to remember when you were first in love.... good line

Sound cue da – to loud when George was talking lower 2 db?

Did you think it was too loud for faith and Anthony?

Softly and tenderly Fade out for the last note or cut music before that

Tell Ian starting tomorrow we will use new batteries every show.

Post show music should be louder
